RE: School Street Field Development Plan
Cc: Recreation Commission

The Recreation Commission voted unanimously on May 4, 2004 to endorse the School Street Field Development Plan proposed by the Acton Recreation Department. The Commission is now seeking approval from the Board of Selectmen in proceeding with this project. The Recreation Commission is also seeking directive in funding this field development plan. The Commission is concerned about the leagues contributing to this project, or lack of contributions, due to the revival of the Friends of Leary Field. Many leagues are already pledging money to the Leary Field Project and the Commission is seeking guidance from the Board for alternate funding sources.

We have attached a schematic design of the School Street land for your review. Thank you.
